To login to an OpenAthens account

www.nice.org.uk

The screenshot shows the NICE website interface. At the top, the NICE logo and navigation links are visible. A search bar is present on the left. The main navigation menu includes links to 'Evidence search', 'BNF', 'BNFC', 'CKS', 'Evidence services', and 'Journals and databases'. A 'Sign in' button is located in the top right corner. The 'Journals and databases' link is circled in red, with an orange callout box labeled 'click' pointing to it. Below the navigation menu, the 'Journals and databases' section is displayed. A breadcrumb trail shows 'Home > About > What we do > Evidence Services'. The 'More information' section contains links to 'Register for OpenAthens', 'OpenAthens support', and 'Login to OpenAthens'. The 'Login to OpenAthens' link is circled in red, with an orange callout box labeled 'then' pointing to it. Below this, there is a section for 'Finally' with a link to 'Health Library and Information Service Directory'.

Journals and databases

Provided in partnership by HEE and NICE

Quick access to a range of journals and other evidence-based resources for health and social care staff in England.

You'll need an [NHS OpenAthens](#) account to access most of these resources.

Journals and articles

You can find journal articles by:

- browsing or searching within a particular journal
- searching in a bibliographic database (which has articles from a wide range of journals).

Journals A-Z

Browse or search for a particular journal, and then search for relevant articles within that journal.

If you [login with your NHS OpenAthens account](#) you'll see all the journals available to you.

Healthcare Databases Advanced Search (HDAS)

Search one or more bibliographic databases. This includes Medline, Embase and CINAHL. You can find journal articles, linked to full text papers where possible.

Health Research Premium Collection

Search an extensive range of health and social care publications and evidence-based resources.

PsycARTICLES

Search full text articles from leading psychology journals.

Psychology and Behavioral Sciences Collection

Search full text journals in psychology and counselling.

Evidence-based resources

BMJ Best Practice

A point of care tool. It gives step-by-step guidance on diagnosis, prognosis and management.

Cochrane Library

Includes the Cochrane Database of Systematic Reviews, Central Register of Controlled Trials, and Cochrane Clinical Answers.

Transfusion Evidence Library

Search for high-quality, evidence-based information on all aspects of transfusion medicine.

More information

Your OpenAthens account will let you access a range of resources, including those listed on this page.

Welcome to HDAS

Please visit the help file for tips, guides and videos on how the features work

Due to changes made to the databases available in HDAS from 1 April, Health Business Elite (HBE) is no longer available. Please be aware that if you want to keep any saved searches and alerts that were carried out in multiple databases including HBE prior to this date, you will need to edit the saved strategy before the end of June 2019.

We have been notified by our provider of OpenAthens that there is some planned Authentication Services Maintenance, scheduled for Thursday 23rd May at 08:00-09:00. There could be disruption to services.

Welcome to Oxford Medicine Online

Supporting every stage in your medical career

Oxford Medicine Online is a digital platform hosting Oxford University Press' prestigious medical titles. This resource brings together authoritative texts by world-renowned authors available online for the first time. With over 1,000 books available, many of which include exclusive digital tools such as videos to further enrich your learning and practice, our online medical content continues to grow.

Celebrating Ten Years of Digital Medicine

Oxford Medicine Online was launched in 2009 as the online home for our prestigious titles allowing you to find the right resources efficiently with the ease of digital functionality. We are proud to say that over the last 10 years the platform has grown to host over 1,000 of the latest editions of our titles. These are all supported by fantastic, informative digital content, including 85,000+ images and diagrams and 2,000+ videos, designed to enrich your research and practice.
